TO RESUME WORK ON CONFEDERATE HOME

Ardmore, Okla., Sept. 27.—Work on the old soldiers home that has been deferred for some time will be resumed Wednesday morning and continue until the building is completed.

W. F. Gilmer returned from a ten day's trip Sunday from northern Oklahoma points and collected a nice sum of money which he turned over to Judge Galt. Mr. Gilmer has been hustling for this home ever since its inception and he is more optimistic today than ever over the matter, he says the people throughout the state are deeply interested and before another year, wish to see the home completed and the grounds beautified. It is going to require about \$8,000 to complete the building and Ardmore has subscribed through its citizens nearly enough to cover that amount, but the collections have not been made.

Mr. Gilmer left last night for southwest Oklahoma where he expects to meet with success in his collections, in a few days he will be in Ardmore for the purpose of making collections from persons who have subscribed to the fund here.

ARDMORE MAN GETS A LIFE SENTENCE

Ardmore, Okla., Sept. 27.—The jury in the Jake Lewis murder trial arrived at a verdict in less than one hour from the time the case was placed in their hands, and returned a verdict of murder and assessed the punishment at life at hard labor in the penitentiary.

This morning the attorneys for Lewis gave notice that they would file notice of appeal as soon as they could prepare the same.

Beckkeepers to Organize.

Guthrie, Okla., Sept. 27.—The beekeepers of Oklahoma have formed a state association and will probably ask the next legislature for some protective legislation along the line of an inspection by the state entomologist, similar in a general way to the inspection now given to nurseries and nursery stock under the law passed by the last territorial legislature. The new association will hold a meeting at Oklahoma City in the near future and has invited the state entomologist, Prof. C. E. Sanborn, to make an address in regard to the inspection idea.

MASS MEETING OF PROHIBITIONISTS

ADOPT RESOLUTIONS AND PREPARE TO MAKE A VIGOROUS CAMPAIGN.

The mass meeting called to consider the question of combatting the proposed liquor amendment to the constitution, was held last evening at the Methodist church as per schedule. Between 100 and 200 were present. Tom D. McKeown was elected temporary chairman and Orville Snead temporary secretary, and later this organization was made permanent.

A motion prevailed that the chair appoint a committee of five on organization. He appointed G. T. Howerton, Carlton Weaver, W. H. Braley, A. M. Croxton and Jno. W. Beard.

While the committee was preparing its report short talks were made by a number present.

Rev. W. M. Wilson: He stated that if we wanted a good law against gambling adopted it would not be good policy to permit the gamblers to draw the measure, nor would it be entirely safe to leave the framing of a law against horse stealing to the horse thieves. For a similar reason he did not like the idea of permitting the whiskey interests and their shrewd attorneys to draw a local option and high license measure. He took up several features of the initiated bill and spoke of their effect if put in operation. In the first place, it being part of the constitution, the legislature would be practically powerless to amend or remedy any defect in the law that might develop later. It was unfair in that it did not permit any one to vote on local option except those living in incorporated towns, thus disfranchising the greater portion of the voters of the state. It is unfair because when license is voted in a town it must stay wet for five years, whereas, if it goes dry another election may be held whenever the antis so elect. Furthermore, it would throw down all the bars against bootleggers, as about all the penalties prescribed by the proposed amendment are some light ones against the saloon-keepers. It was his idea that a campaign of education be launched at once. If the people fully understand the things proposed by the bill, it was his opinion that they would reject the whole thing as an insult to their intelligence.

Prof. Bridges stated that he was a prohibitionist through and through and did not want to see any backward step taken.

S. R. Tolbert was of the same opinion as the others, and volunteered his services for the coming campaign.

The committee on organization then brought in the following report which was adopted unanimously without discussion.

Text of Resolution.

We are unalterably opposed to the sale of whiskey and intoxicating liquors. Nothing but evil could come from the opening of the saloon in Pontotoc county. Such a step would greatly increase the sale and the drinking of whiskey in our midst. It would also injure the peace and morals of all adjoining counties as well as of our own; and would be the beginning of a disastrous retrograde movement in the state.

It is said that whiskey is already sold in abundance in the county and that the saloon would help out the situation and bring money into the county treasury.

It is difficult to characterize such an argument in moderate language, and yet we would not speak violently. We deplore the fact that there are violations of the present prohibition law and confess that our situation could be improved. But the opening of the saloon would only make it worse. We would then have both "the joints" and the saloon. The saloon is not the enemy of the joints but is their running mate. With the law against the sale of whiskey the moral elements of the community can to a greater or less degree free the county from this evil. But with the law in favor of the sale the moral elements are helpless and should they get in complete control of the county and cities they could not do

anything to stop or curtail drunkenness. Should they close out every drinking joint in the county it would only result in a more thriving business for the saloon. As for this money going into the county treasury, all that we need say is God save the mark when a Christian community would debase its manhood to supply its treasury.

The legalizing of the liquor traffic and licensing of the saloon is vicious and violative of the very genius of true democracy. It is the granting of special favors to a privileged class. It is the centralization of the money power. The higher the license, the more vicious the system becomes. The prosperity and perpetuity of the saloon depends upon the debauching of our children and results in the destruction of the home.

We pledge ourselves to work and vote against the proposed amendment to the Constitution of Oklahoma; and make the following recommendations:

That we request all the churches in Pontotoc county to take this question up in their congregational meetings, declare themselves upon it and have their church actions published in the county papers.

That we request our Sunday schools and Young People's meetings to take similar actions and also publish them in the county papers.

That we request our churches, pastors, brethren and sisters to join with the anti-saloon league as it leads the temperance forces in this fight.

That we request each voting precinct in the county to organize the temperance forces in their respective communities at as early a date as practical; and that the chairmen of the precinct organizations constitute the county central committee.

We would see a fight in which there is no indifference or neglect or failure on the part of the moral elements of this county. If we act with unity and determination there will come a victory the moral results of which will insure peace on this question for years to come.

Resolved, That we recommend to this meeting that they appoint a central campaign committee whose duty it shall be to perfect a county organization.

That we recommend the following as members of this committee: Sam Kerr, R. E. Haynes, E. W. Hardin, C. T. Barney, Carlton Weaver, W. H. Braley, G. T. Howerton, B. B. Howard, G. H. Keen, T. D. McKeown, R. W. Allen. A. M. CROXTON, Chairman.

Dr. Sullivan and wife of Stonewall, was here on business this morning.

ROOSEVELT WINS BIG VICTORY

PROGRESSIVES PUT OLD GUARD COMPLETELY TO ROUT.

Saratoga, N. Y., Sept. 27.—Col. Roosevelt rode today on the top wave of victory, defeating Vice President Sherman for temporary chairman of the Republican State convention and bowling over the old guard in the first engagement of a series of conflicts that are to come.

Ex-President Was in His Element.

Col. Roosevelt was in his element. After he had named the members of three important committees and the convention had adjourned to meet tomorrow the Colonel turned to the newspapermen and remarked:

"I said frazzled, you may recall. You may quote me on that." At Troy yesterday the former President said he would beat his opponents to a frazzle.

Brutal Majority Was Developed.

There were 1,011 votes cast in the convention today, of which Col. Roosevelt received 563 and Vice President Sherman received 443, thus electing the leader of the progressives by a majority of 125. Col. Roosevelt did not vote. Mr. Sherman voted for John Doe, and two of the New York county delegates did not respond when their names were called. The vote as officially announced at the convention gave Roosevelt 567 and Sherman 445, but an error in the count was discovered tonight.

Roosevelt Strongly Commends Taft.

Col. Roosevelt spoke feelingly of what President Taft had accomplished in his administration in his speech as temporary chairman, saying that the laws passed reflect high credit on all who succeeded in putting them in their present shape on the statute books. They represent an earnest of the achievement of what is to come, and the beneficence and far-reaching importance of this work done for the whole people measures the credit which is rightly due to congress and to our able, upright and distinguished president, William Howard Taft.

Direct Primary Plank Is Applauded.

The spectators and many of the delegates warmly applauded the declaration of Col. Roosevelt for a direct primary plank.

Col. Roosevelt bitterly assailed the "bosses," declaring that the difference between a boss and a leader is that the leader leads and the boss

Flies are Like Human Beings

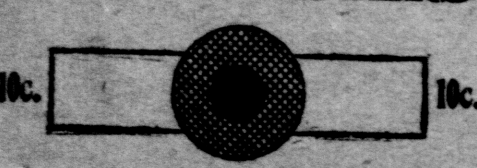

When the nights begin to get cool they like a warm place to stay. This is the season when the flies are most troublesome. They are always watching and when you open the door, dozens of them come in attracted by the warmth of the house. You can catch and get rid of them all with Flistickon—does just what the name indicates—catches them just like sticky fly-paper, only it is so convenient—can hang it up anywhere—doesn't take but little space—no danger of sitting down on it, stepping on it, leaning on it—won't blow over and stick to the furniture. Well worth trying.

We sell above article also Persian Insect Powder, an insect powder and sticky and poison fly-paper.

It is a law of nature that crime
brings a part of its own punish-
ment. A noted case in point is relat-
ed by the press in late dispatches
stating that Edward Finney Earle,
the artist who left his wife a few
years ago for a woman whom he
called his "soul affinity" and who in
a short time abandoned her for still
another woman, is trying to effect a
reconciliation with his first wife. The
baseness of the man shocked the
public at the time, and in spite of
the glamour he attempted to throw
around his crime the world would not
take his view of the case. On one oc-
casion his neighbors stoned him and
his "affinity" and made things so
disagreeable for the high-tone trans-
gressor that he was forced to leave
the country altogether. Not a day
of happiness has been his since then.
On every hand he has been shunned
by respectable people, until broken
in spirit and with his life utterly
blighted, he turns again to the wife
of his youth and seeks her forgive-
ness. Earle is a man of ability and
his life had been a success. No
doubt a large part of this was due
to the influence of his wife, but in
his days of prosperity he forgot all
this and the early years of struggle
during which the love of his wife
sustained him through all difficul-
ties, but in the hour of his triumph
he forgot all this and showed the
real baseness of his nature by seek-
ing the charms of a younger and
more beautiful woman. He has prob-
ably learned his lesson and although
his life can never be what it might
have been, his humiliation may be
the means of making others think
twice before plunging into the vortex
of shame.

It occurs to us that about the
worst mistake made by the writers
of the Oklahoma constitution was the
easy manner of creating new coun-
ties. Every ambitious town in the
state wants to be a county seat, and
now that the carving out process
has begun there seems to be no limit
to it. The latest move is by Har-
rah which aspires to be the capital
of a county called Kikapoo. It will
embrace territory cut from Oklaho-
ma, Cleveland, Pottawatomie and Lin-
coln counties. Petitions are being cir-
culated for an election and those peo-
ple will now have some warm times.

We all like occasionally to talk
about the good old days of long ago.
We are inclined to think that our
earlier days were happier than the
present time and sometimes sigh for
their return. It is our opinion, how-
ever, that there is no time like the
present. It is human nature to try
to forget unpleasant features of our
lives and cherish the memories of
the happier portions. These grow
brighter as time goes by and we
fondly imagine that the past was far
ahead of the present. We forget the
storms of the day when contemplat-
ing the beauties of a glorious sun-
set.

These evenings Main street has
quite a citified air about it. With
lights streaming from every front,
with well decorated show windows,
with several places of amusement to
which the people flock and with large
crowds hurrying to and fro, it re-
minds us that Ada has passed from
the plane of the country village to
that of a real city.

When the present paving contract
is completed it is probable that sev-
eral more autos will be purchased by
Ada citizens. There will be ample
room for driving and the paved
streets will make this a popular di-
version.

HASKELL WINS FIRST ROUND

JUDGE MARSHALL MAKES RULING THAT DEFENSE CLAIMS WILL RENDER CONVICTION IMPOSSIBLE.

McAlester, Okla., Sept. 27.—By sustaining a motion demurring to the charges against Governor Haskell on the grounds that the acts complained of did not constitute an offense, United States Judge Marshall late this afternoon rendered a decision which counsel for the governor construes as in effect exonerating the governor from the charges and with him W. T. Hutchings of Muskogee.

Judge Marshall held that the acts complained of, if true, did not constitute an offense against the government, but that five charges against C. W. Turner, involving other features of the town lot matters, may upon investigation, prove to be the basis of an offense. Hence the court ruled that the trial shall proceed for an inquiry as to the charge against Turner.

Rush Makes Statement.

Arguments by attorneys occupied the entire day in the hearing of the trial of Governor Haskell.

Reviewing the charges against Haskell as returned by a federal grand jury, S. R. Rush, special assistant to the attorney general, said the government was prepared to show that the defendants, in securing title to the lots, had fraudulently used the names of persons living in many eastern states. Some of the people whose names had been used by Governor Haskell and his associates had refused to turn their property over after Haskell had procured the deeds for them. Mr. Rush said, and these people will be called as witnesses.

To carry out the alleged conspiracy against the government, it was asserted the defendants had operated under the name of a development company.

The Foulke Report.

A. C. Cruce, counsel for Governor Haskell, contended that the manner in which the defendants secured the property was known to the department of the interior and the department had approved of them. To investigate complaints, President Roosevelt in 1906 had sent William Dudley to report on the subject, said Mr. Cruce.

Mr. Foulke made an elaborate report but in spite of this, the manner of scheduling for property as followed by Governor Haskell and his associates was still approved of by the authorities at Washington, it was asserted.

Judge Marshall overruled an objection to the introduction of any evidence against Haskell on the ground that a recent circuit court of appeals decision nullified the charges against the governor. The court ordered that the examination of witnesses be proceeded with.

DEPOSITS IN OKLAHOMA STATE BANKS INCREASE

Oklahoma City, Ok., Sept. 27.—An increase in individual deposits in State banks in Oklahoma of \$27,060,714 between Feb. 29, 1908, and Sept. 1, 1910, is shown in the tabulated report issued today by State Bank Commissioner E. B. Cockrell, showing the condition of state banks at the close of business Sept. 1. The nearest previous date shown for comparison is June 23, 1909, the records showing an increase of fifty-six state banks. Individual deposits Sept. 1 total \$45,092,000 an increase since June 23, 1909, of \$2,370,072. Loans and discounts total \$41,271,883, an increase of \$6,134,300. Cash totals \$3,959,683, an increase of \$316,317. Capital Stock, total \$11,422,800; an increase of \$1,152,000.

Pure Seed Wheat Arrives.

Guthrie, Okla., Sept. 27.—The car of pure seed wheat purchased in Kansas by the state board of agriculture arrived today and the wheat is now being shipped out to farmers who have applied for it. There were 1,000 bushels in the car and orders had been received for over 800 bushels before its arrival.

J. P. Connors, president of the board of agriculture, who is also chairman of the prison board of control, will purchase 100 bushels of pure seed wheat for the penitentiary farm at McAlester. He expects to employ the state convicts in the production of pure wheat and to make the penitentiary farm a distributing station for it in the future.

Mrs. J. M. Crumley came up from Roff yesterday to meet her daughter, Mrs. George Stephens of Aotoka who is paying her mother a visit.

MAKES WORK EASIER

Ada People Are Pleased to Learn How It Is Done

It's pretty hard to attend to duties with a constantly aching back; with annoying urinary disorders. Doan's Kidney Pills make work easier.

They cure backache. They cure every kidney ill. Charles Luther, Main St., Sulphur, Okla., says: "I can certainly recommend Doan's Kidney Pills, as I have used them with good results. During the past fifteen years my work obliged me to be on my feet the greater part of the time and this strain finally weakened my kidneys. About a year ago I suffered from a constant, dull ache in my kidneys and loins, could not sleep well and was very nervous."

As I had often heard Doan's Kidney Pills highly spoken of, I decided to give them a trial and procured a box. The relief I received from their use within a week was remarkable and the contents of several boxes restored me to good health. Doan's Kidney Pills did more for me than I expected and I have since felt better in every way."

Progressives Organize.

Oklahoma City, Sept. 27.—On the eve of the day that the progressives expect Roosevelt to win in New York followers of that faith perfected a temporary organization in Oklahoma with Mont. R. Powell as the leader. Union labor men pleased with the attitude of Roosevelt toward their cause, are behind the movement. Until more material plans are perfected no announcement of the plan of campaign has been made, further than that the organization, will take a hand in the forthcoming charter fight in Oklahoma City, demanding men of the progressive ranks, without regard to politics.

drives.

"The difference is that the leader holds his place by firing the conscience and appealing to the reason of his followers and that the boss holds his place by crooked and underhand manipulation," he said.

Colonel Greeted by Thunderous Applause.

Thunders of applause greeted the Colonel as he was escorted to the speaker's stand by Vice President Sherman and Cornelius V. Collins, and it was some time before he could proceed with his speech. Thanking the delegates for the honor they had conferred, the Colonel caused the greatest enthusiasm when he said: "You shall not have cause now nor hereafter to regret what you have done."

Fight Began with Woodruff's Speech.

It was a day of oratory; it was a day of bitter and acrimonious speech. With the opening of the convention, State Chairman Woodruff defined the position of the old guard and announced that Vice President Sherman had been selected for temporary chairman by the state committee. Thereupon the real fight was on. Col. Gruber Bitterly Attacks Roosevelt.

Col. Abraham Gruber of New York City had been selected to fire the verbal hot shot for the old guard, and his speech attacking the former president was often broken and drowned by hisses and jeers.

Once the pandemonium became so great that Col. Roosevelt leaped to his feet and asked for a full hearing for the speaker.

Controller Prendergast of New York City was the champion of the progressive fight and made a warm and spirited reply to the old guard onslaught.

Allen of Wichita, according to authentic reports received here today. The ex-governor of Kansas was here a few days ago. It is said he was before that time offered the position and that he was disposed to accept.

Mr. Allen, who is publisher of the Wichita Beacon, is regarded as one of the most successful newspaper men in Kansas.

MASS MEETING OF PROHIBITIONISTS

ADOPT RESOLUTIONS AND PRE-
PARE TO MAKE A VIGOROUS
CAMPAIGN.

The mass meeting called to consider the question of combatting the proposed liquor amendment to the constitution, was held last evening at the Methodist church as per schedule. Between 100 and 200 were present. Tom D. McKeown was elected temporary chairman and Orville Sneed temporary secretary, and later this organization was made permanent.

A motion prevailed that the chair appoint a committee of five on organization. He appointed G. T. Howerton, Carlton Weaver, W. H. Braley, A. M. Croxton and Jno. W. Beard.

While the committee was preparing its report short talks were made by a number present.

Rev. W. M. Wilson: He stated that if we wanted a good law against gambling adopted it would not be good policy to permit the gamblers to draw the measure, nor would it be entirely safe to leave the framing of a law against horse stealing to the horse thieves. For a similar reason he did not like the idea of permitting the whiskey interests and their shrewd attorneys to draw a local option and high license measure. He took up several features of the initiated bill and spoke of their effect if put in operation. In the first place, it being part of the constitution, the legislature would be practically powerless to amend or remedy any defect in the law that might develop later. It was unfair in that it did not permit any one to vote on local option except those living in incorporated towns, thus disfranchising the greater portion of the voters of the state. It is unfair because when license is voted in a town it must stay wet for five years, whereas, if it goes dry another election may be held whenever the anti-so elect. Furthermore, it would throw down all the bars against bootleggers, as about all the penalties prescribed by the proposed amendment are some fight down against the saloon-keepers. It was his idea that a campaign of education be launched at once. If the people fully understand the things proposed by the bill, it was his opinion that they would reject the whole thing as an insult to their intelligence.

Prof. Biles stated that he was a prohibitionist through and through and did not want to see any backward step taken.

S. R. Tolbert was of the same opinion as the others, and volunteered his services for the coming campaign.

The committee on organization then brought in the following report which was adopted unanimously without discussion.

Text of Resolution.

We are unalterably opposed to the sale of whiskey and intoxicating liquors. Nothing but evil could come from the opening of the saloon in Pontotoc county. Such a step would greatly increase the sale and the drinking of whiskey in our midst. It would also injure the peace and morals of all adjoining counties as well as of our own; and would be the beginning of a disastrous retrograde movement in the state.

It is said that whiskey is already sold in abundance in the county and that the saloon would help out the situation and bring money into the county treasury.

It is difficult to characterize such an argument in moderate language, and yet we would not speak violently. We deplore the fact that there are violations of the present prohibition law and confess that our situation could be improved. But the opening of the saloon would only make it worse. We would then have both "the joints" and the saloon. The saloon is not the enemy of the joints but is their running mate. With the law against the sale of whiskey the moral elements of the community can to a greater or less degree free the county from this evil. But with the law in favor of the sale the moral elements are helpless and should they get in complete control of the county, and cities they could not do

anything to stop or curtail drunkenness. Should they close out every drinking joint in the county it would only result in a more thriving business for the saloon. As for this money going into the county treasury, all that we need say is God save the mark when a Christian community would debase its manhood to supply its treasury.

The legalizing of the liquor traffic and licensing of the saloon is vicious and violative of the very genius of true democracy. It is the granting of special favors to a privileged class. It is the centralization of the money power. The higher the license, the more vicious the system becomes. The prosperity and perpetuity of the saloon depends upon the debauching of our children and results in the destruction of the home.

We pledge ourselves to work and vote against the proposed amendment to the Constitution of Oklahoma; and make the following recommendations:

That we request all the churches in Pontotoc county to take this question up in their congregational meetings, declare themselves upon it and have their church actions published in the county papers.

That we request our Sunday schools and Young People's meetings to take similar actions and also publish them in the county papers.

That we request our churches, pastors, brethren and sisters to join with the anti-saloon league as it leads the temperance forces in this fight.

That we request each voting precinct in the county to organize the temperance forces in their respective communities at as early a date as practical; and that the chairmen of the precinct organizations constitute the county central committee.

We would see a fight in which there is no indifference or neglect or failure on the part of the moral elements of this county. If we act with unity and determination there will come a victory the moral results of which will insure peace on this question for years to come.

Resolved, That we recommend to this meeting that they appoint a central campaign committee whose duty it shall be to perfect a county organization.

That we recommend the following as members of this committee: Sam Kerr, R. E. Haynes, E. W. Hardin, C. T. Barney, Carlton Weaver, W. H. Braley, G. T. Howerton, B. B. Howard, G. H. Keen, T. D. McKeown, R. W. Allen. A. M. CROXTON, Chairman.

Dr. Sullivan and wife of Stonewall, was here on business this morning.

ROOSEVELT WINS BIG VICTORY

PROGRESSIVES PUT OLD GUARD
COMPLETELY TO ROUT.

Saratoga, N. Y., Sept. 27.—Col. Roosevelt rode today on the top wave of victory, defeating Vice President Sherman for temporary chairman of the Republican State convention and bowling over the old guard in the first engagement of a series of conflicts that are to come.

Ex-President Was in His Element. Col. Roosevelt was in his element. After he had named the members of three important committees and the convention had adjourned to meet tomorrow the Colonel turned to the newspapermen and remarked:

"I said frazzled, you may recall. You may quote me on that." At Troy yesterday the former President said he would beat his opponents to a frazzle.

Brutal Majority Was Developed. There were 1,011 votes cast in the convention today, of which Col. Roosevelt received 503 and Vice President Sherman received 443, thus electing the leader of the progressives by a majority of 125. Col. Roosevelt did not vote. Mr. Sherman voted for John Doe, and two of the New York county delegates did not respond when their names were called. The vote was officially announced at the convention gave Roosevelt 567 and Sherman 445, but an error in the count was discovered tonight.

Roosevelt Strongly Commends Taft. Col. Roosevelt spoke feelingly of what President Taft had accomplished in his administration in his speech as temporary chairman, saying that the laws passed reflect high credit on all who succeeded in putting them in their present shape on the statute books. They represent an earnest of the achievement of what is to come, and the beneficence and far-reaching importance of this work done for the whole people measures the credit which is rightly due to congress and to our able, upright and distinguished president, William Howard Taft.

Direct Primary Plank Is Applauded. The spectators and many of the delegates warmly applauded the declaration of Col. Roosevelt for a direct primary plank.

Col. Roosevelt bitterly assailed the "bosses," declaring that the difference between a boss and a leader is that the leader leads and the boss

TO RESUME WORK ON CONFEDERATE HOME

Ardmore, Okla., Sept. 27.—Work on the old soldiers home that has been deferred for some time will be resumed Wednesday morning and continue until the building is completed.

W. P. Gilmer returned from a ten day's trip Sunday from northern Oklahoma points and collected a nice sum of money which he turned over to Judge Galt. Mr. Gilmer has been hustling for this home ever since its inception and he is more optimistic today than ever over the matter, he says the people throughout the state are deeply interested and before another year, wish to see the home completed and the grounds beautified.

It is going to require about \$8,000 to complete the building and Ardmore has subscribed through its citizens nearly enough to cover that amount, but the collections have not been made.

Mr. Gilmer left last night for southwest Oklahoma where he expects to meet with success in his collections, in a few days he will be in Ardmore for the purpose of making collections from persons who have subscribed to the fund here.

Flies are Like Human Beings

When the nights begin to get cool they like a warm place to stay. This is the season when the flies are most troublesome. They are always watching and when you open the door, dozens of them come in attracted by the warmth of the house. You can catch and get rid of them all with Flitstickon—does just what the name indicates—catches them just like sticky fly-paper, only it is so convenient—can hang it up anywhere—doesn't take but little space—no danger of sitting down on it, stepping on it, leaning on it—won't blow over and stick to the furniture. Well worth trying.

We sell above article also Persian Insect Powder, an insect powder and sticky and poison fly-paper.

It is a law of nature that crime
brings a part of its own punish-
ment. A noted case in point is re-
ported by the press in last dispatches
stating that Edward H. Hines, the
artist who left his wife a few
years ago for a woman whom he
called his "soul affinity" and who in
a short time abandoned her for still
another woman, is trying to effect a
reconciliation with his first wife. The
baseness of the man shocked the
public at the time, and in spite of
the glamour he attempted to throw
around his crime the world would not
take his view of the case. On one oc-
casion his neighbors stoned him and
his "affinity" and made things so
disagreeable for the high-toned trans-
gressor that he was forced to leave
the country altogether. Not a day
of happiness has been his since then.
On every hand he has been shunned
by respectable people, until broken
in spirit and with his life utterly
blighted, he turns again to the wife
of his youth and seeks her forgive-
ness. Hines is a man of ability and
his life had been a success. No
doubt a large part of this was due
to the influence of his wife, but in
his days of prosperity he forgot all
this and the early years of struggle
during which the love of his wife
sustained him through all difficul-
ties, but in the hour of his triumph
he forgot all this and showed the
real baseness of his nature by seek-
ing the charms of a younger and
more beautiful woman. He has prob-
ably learned his lesson and although
his life can never be what it might
have been, his humiliation may be
the means of making others think
twice before plunging into the vortex
of shame.

It occurs to us that about the
worst mistake made by the writers
of the Oklahoma constitution was the
easy manner of creating new coun-
ties. Every ambitious town in the
state wants to be a county seat, and
now that the carving out process
has begun there seems to be no limit
to it. The latest move is by Hah-
rah which aspires to be the capital
of a county called "Kumpoo." It will
embrace territory out from Okla-
homa, Cleveland, Pottawatomie and Lin-
coln counties. Petitions are being cir-
culated for an election and those peo-
ple will now have some warm times.

We all like occasionally to talk
about the good old days of long ago.
We are inclined to think that our
earlier days were happier than the
present time and sometimes sigh for
their return. It is our opinion, how-
ever, that there is no time like the
present. It is human nature to try
to forget unpleasant features of our
lives and cherish the memories of
the happier portions. These grow
brighter as time goes by and we
fondly imagine that the past was far
ahead of the present. We forget the
storms of the day when contemplat-
ing the beauties of a glorious sun-
set.

These evenings Main street has
quite a citified air about it. With
lights streaming from every front,
with well decorated show windows,
with several places of amusement to
which the people flock and with large
crowds hurrying to and fro, it re-
minds us that Ada has passed from
the plane of the country village to
that of a real city.

When the present paving contract
is completed it is probable that sev-
eral more autos will be purchased by
Ada citizens. There will be ample
room for driving and the paved
streets will make this a popular di-
version.

The difference is that the leader holds his place by firing the conscience and appealing to the reason of his followers and that the boss holds his place by crooked and underhand manipulation," he said.
Colonel Greeted by Thunderous Applause.

Thunders of applause greeted the Colonel as he was escorted to the speaker's stand by Vice President Sherman and Cornelius V. Collins and it was some time before he could proceed with his speech. Thanking the delegates for the honor they had conferred, the Colonel caused the greatest enthusiasm when he said:
"You shall not have cause now or hereafter to regret what you have done."

Fight Began with Woodruff's Speech.

It was a day of oratory, it was a day of bitter and acrimonious speech. With the opening of the convention State Chairman Woodruff defined the position of the old guard and announced that Vice President Sherman had been selected for temporary chairman by the state committee. Thereupon the real fight was on. Col. Graber Bitterly Attacks Roosevelt.

Col. Abraham Graber of New York City had been selected to fire the verbal hot shot for the old guard, and his speech attacking the former president was often broken and drowned by hisses and jeers.

Once the pandemonium became so great that Col. Roosevelt leaped to his feet and asked for a full hearing for the speaker.

Controller Prendergast of New York City was the champion of the progressive fight and made a warm and spirited reply to the old guard onslaught.

RAILROAD BUILDING IN OKLAHOMA.

Guthrie, Sept. 27—A mortgage for \$20,000,000 from the Cherryville, Oklahoma and Texas railroad to the Carnegie Trust company of New York was filed with Fred A. Graybill, register of deeds of Washington county at Bartlesville. The mortgage covers the right-of-way of the railroad through Oklahoma and Kansas. The Cherryville, Oklahoma and Texas railroad is what is known here as the Porter road, being promoted by ex-Senator S. M. Porter of Caney, Kan. Some work was done on the road during the summer but of late things have been at a standstill, and it is understood that with the money obtained by this mortgage work on the road will be resumed at once and a section of it will be ready for traffic before the first of the year.

William Kenefick, president of the Missouri Oklahoma and Gulf, railway now in operation from Okmulgee to Denison Tex. says in regard to the northern extension of the road that the two surveying parties placed in the field have not been able to locate a line by which they were able to cut the grade from 10 per cent to a grade of 5 per cent, but that he would keep them in the field until they were able to locate such a line on the east side of the Grand river.

Citizens of Buffalo and other northwestern towns which are without railroad facilities have organized the Buffalo and Northern Oklahoma railroad company, with \$100,000 capital for the purpose of constructing an east and west road through that part of the state. The plan is to build eastward from Buffalo to Alvard the present western terminus of the Arkansas Valley and Western line of the Frisco, running from Tulsa to Alvard. The survey is in charge of Eugene Tillicaux of Hutchinson, Kan. The promoters of the new line expect to sell it to the Frisco upon its completion.

E. M. Best is president of the company. O. L. Zook, vice president of P. C. Platte secretary and E. C. Johnson treasurer. Other directors are Albert Ewers, A. L. Bodky, D. P. Parker, W. H. Temple, O. C. Wyatt and S. W. Hubbard. Meetings were held during the past week at Fern Ellendale, Muskogee, Fair Valley, Waynoka, Galena, Cleo and Ringwood and bonuses were pledged.

The representatives of a syndicate is in Sulphur negotiating for a street railway franchise and for the immediate construction of a street railway from Bromide "pings" in Platt National Park to Ramsey's Lake and for construction later to Antelope and Buffalo Springs via the Oklahoma School for the Deaf. A franchise and bonus of \$5,000 is asked.

Guthrie, Okla., Sept. 27—The car of pure seed wheat purchased in Kansas by the state board of agriculture arrived today and the wheat is now being shipped out to farmers who have applied for it. There were 1,000 bushels in the car and orders had been received for over 800 bushels before its arrival.

J. P. Connors, president of the board of agriculture, who is also chairman of the prison board of control, will purchase 100 bushels of pure seed wheat for the penitentiary farm at McAlester. He expects to employ the state convicts in the production of pure wheat and to make the penitentiary farm a distributing station for it in the future.

FIRST ROUND

JUDGE MARSHALL MAKES RULING THAT DEFENSE CLAIMS WILL RENDER CONVICTION IMPOSSIBLE.

McAlester, Okla. Sept. 27—By sustaining a motion demurring to the charges against Governor Haskell on the grounds that the acts complained of did not constitute an offense, United States Judge Marshall late this afternoon rendered a decision which counsel for the governor construes as in effect exonerating the governor from the charges and with him W. T. Hutchings of Muskogee. Judge Marshall held that the acts complained of, if true did not constitute an offense against the government, but that five charges against C. W. Turner, involving other features of the town lot matters, may upon investigation, prove to be the basis of an offense. Hence the court ruled that the trial shall proceed for an inquiry as to the charge against Turner.

Rush Makes Statement.
Arguments by attorneys occupied the entire day in the hearing of the trial of Governor Haskell.

Reviewing the charges against Haskell as returned by a federal grand jury, S. R. Rush, special assistant to the attorney general, said the government was prepared to show that the defendants, in securing title to the lots, had fraudulently used the names of persons living in many eastern states. Some of the people whose names had been used by Governor Haskell and his associates had refused to turn their property over after Haskell had procured the deeds for them. Mr. Rush said and these people will be called as witnesses.

To carry out the alleged conspiracy against the government, it was asserted the defendants had operated under the name of a development company.

The Foulke Report.

A. C. Cruce, counsel for Governor Haskell contended that the manner in which the defendants secured the property was known to the department of the interior and the department had approved of them. To investigate complaints, President Roosevelt in 1906 had sent William Dudley to report on the subject, said Mr. Cruce.

Mr. Foulke made an elaborate report but in spite of this, the manner of scheduling for property as followed by Governor Haskell and his associates was still approved of by the authorities at Washington, it was asserted.

Judge Marshall overruled an objection to the introduction of any evidence against Haskell on the ground that a recent circuit court of appeals decision nullified the charges against the governor. The court ordered that the examination of witnesses be proceeded with.

WIDOW JONES

It's pretty hard to attend to duties with a constantly aching back; With annoying urinary disorders. Doan's Kidney Pills make work easier.

They cure backache. They cure every kidney ill. Charles Luther, Main St., Sulphur, Okla., says: "I can certainly recommend Doan's Kidney Pills, as I have used them with good results. During the past fifteen years my work obliged me to be on my feet the greater part of the time and this strain finally weakened my kidneys. About a year ago I suffered from a constant dull ache in my kidneys and loins, could not sleep well and was very nervous."

As I had often heard Doan's Kidney Pills highly spoken of, I decided to give them a trial and procured a box. The relief I received from their use within a week was remarkable and the contents of several boxes restored me to good health. Doan's Kidney Pills did more for me than I expected and I have since felt better in every way."

Progressives Organize.

Oklahoma City, Sept. 27—On the eve of the day that the progressives expect Roosevelt to win in New York followers of that faith perfected a temporary organization in Oklahoma with Mont R. Powell as the leader. Union labor men pleased with the attitude of Roosevelt toward their cause, are behind the movement. Until more material plans are perfected no announcement of the plan of campaign has been made, further than that the organization will take a hand in the forthcoming charter fight in Oklahoma City, demanding men of the progressive ranks without regard to politics.
